LOCAL MEN BUY BIG TIMBER TRACT IN KY. MOUNTAINS

Black Log Lumber Company Is Organized In Maysville and Will Remove Timber From 2,000 Acres In Martin County Kentucky.

The Black Log Lumber Company has been organized in Maysville and the timber on a tract of 2,000 acres in Martin county, Kentucky, has been purchased by them and will be removed during the next few months. A complete saw mill outfit has been hauled on the grounds and work at removing the lumber will begin next month. The tract has been cruised at five million feet, much of the timber being poplar and white oak of very large size.

The company is made up entirely of Maysville and Mason county men and the following officers have been elected:

President—H. E. Newell.
Vice President—George Kirk.
Treasurer—W. W. Ball, Jr.
Secy-Manager—Henry Gallenstein, Jr.

Mr. Gallenstein leaves the first of the week for the land and will be in personal charge of the work of cutting and sawing the lumber for shipment. Practically all of the work of sawing and removing the lumber from the tract has been let out by contract and while the company will have an office in Martin county, the home office and the chief place of business will be in Maysville.

The gentlemen who are financially interested in this large deal are very much encouraged over their prospects by the rapid increase in the lumber market within the past 30 days and there is absolutely no question about their company meeting with immediate success.

NOTICE.

Citizens of Mason county are hereby notified that the stock law will be rigidly enforced this year. Already complaints have reached this office that stock is running at large on the highway. Stock must be kept up or arrests under the law will be made.

FINANCE COMMITTEE HAS HEALTH DEPARTMENT MATTER

Council Refers Health Department Proposition to Ways and Means Committee.

At the special meeting of City Council held Friday evening at the Council Chamber, Dr. Covington, of the International Health Board, explained the plans of the outside agencies who have been contributing to the financing of the local health department, for its continuation.

Miss Jessie O. Yancey, who was the leader in the Health League work here for years and who is now with the Kentucky Anti-Tuberculosis Association, also spoke emphasizing the child work of the health department through medical inspection of the schools. Miss Yancey explained that while the nursing part of the Health Department was the spectacular side, the child work by the full-time Health Officer, was, in her mind, the most important.

After hearing these discussions in which the city was asked to contribute \$1,500 with \$2,500 the county Fiscal Court would give, the matter was referred by Council to the Ways and Means committee for further investigation.

Mr. Carl Carpenter, of the 8th ward, was elected a member of the city police department to fill out the unexpired term of Mr. William Telle who has resigned.

The matter of the Purnell Poster Advertising Co. placing a bill board on the city dump on Bridge street to hide the unsightly dump from passersby was left in the hands of the Public Buildings committee with power to act.

NAME AND PURPOSE OF WOMEN'S ORGANIZATION CHANGED

Kentucky Equal Rights Association to Become Kentucky League of Women Voters—Meeting at Louisville.

At the last annual meeting of the Kentucky Equal Rights Association in Lexington, January 8, a resolution was passed that upon the ratification by thirty-six states of the Federal suffrage amendment or up on the granting to women of presidential suffrage by the General Assembly of Kentucky the Kentucky Equal Rights Association should automatically become the Kentucky League of Women Voters.

As soon as Kentucky women became voters, either by state or federal action, it was agreed that the board of directors of the K. E. R. A. should call a meeting of all the women of the state for the election of officers of the Kentucky League of Women Voters and for the adoption of a constitution and by-laws.

On March 19 the board met at the Seelbach Hotel and appointed a committee to arrange a time, place and a program for a meeting of all the women of the state to organize the Kentucky League of Women Voters.

This committee now reports that a meeting of all the women in the state will be held at the Seelbach Hotel, Louisville, Monday May 3. Since the Democratic State Convention will be held May 4 some apprehension has been expressed that the presence of Democratic women delegates would give a preponderance of Democratic women in the meeting to organize the Kentucky League of Women Voters.

Since the future success of the league depends upon its non-partisan character, it is hoped that the two parties will be represented in approximately equal numbers. The League of Women Voters considers itself with these questions of legislation and administration that are of equal concern to the good men and good women of both parties.

Whether you are a Democrat or Republican, locally, you prefer to drink and bathe in clean water; as regards state matters, you wish the state's wards, the defective, the delinquent and the dependent cared for in a humane and enlightened way; nationally, you wish for such legislation and administration as will make home the best and happiest place possible. Have women without respect to party a common point of view? The league of women voters seeks to find that common point of view and to formulate a program which all women can work for, each in her own party.

It is hoped that Mason county will send to Louisville for the meeting on May 3 a goodly number of women representing both parties.

Mrs. Maud Wood Park, Chairman of the National League of Women Voters, and Mrs. Gerard, Regional Director for the region to which Kentucky belongs, will be the chief speakers.

It is hoped that Mason county will send to Louisville for the meeting on May 3 a goodly number of women representing both parties.

Mrs. Maud Wood Park, Chairman of the National League of Women Voters, and Mrs. Gerard, Regional Director for the region to which Kentucky belongs, will be the chief speakers.

KIDNAPED BOY FOUND WITH SKULL FRACTURED

Danville Lad Kidnaped Last Night, Staggered Home Today With Skull Fractured.

Danville, Ky., April 17.—With his skull fractured and his clothing blood-stained, W. H. Trimble, Jr., 7, staggered into his home early today and told how he had been kidnapped and attacked by two men.

When he left his home to go on an errand to a neighbor at 7 o'clock last night he was accosted by two men, one of whom was a negro, and was carried to a sink hole in a field only a short distance away from the Trimble home.

The white man, the boy said, had a hammer, and when he started to hit the child with it the negro begged him not to. That was the last the boy remembered until he regained consciousness at 6 o'clock this morning.

Immediately after returning home he was rushed to a hospital, where it is said he is in a serious condition. Physicians say he apparently was unconscious throughout the night. The place where the attack occurred was in an open field, but when he awoke, the boy says, he was lying near a barn some distance away.

Police of Danville and nearby cities searched throughout Friday night for the boy, but found no trace of him.

APPOINTMENTS ARE

PHLEBY BY COURT.

Frankfort, Ky., April 16.—Appointments of all persons to office by the Governor should be made with the advice and consent of the Senate unless otherwise provided. The Senate has decided today that when he handed down his opinion in the case of N. P. Sewell and H. J. Allington against A. B. Bennett and Clyde H. Levy, in this opinion the motions to grant an injunction to restrain Bennett and Levy from assuming the duties as members of the Workmen's Compensation Board was overruled. This decision ends this case, as the whole court, except Judge Hunt, sat with Judge Carroll and concurred in the opinion.

PASTOR OF LOCAL COLORED M. E. CHURCH TRANSFERRED

Rev. I. G. Penn Is Promoted to Pastorate of Large Louisville Church; Chicago Pastor Comes Here.

The annual conference of the Colored M. E. church was held this week at Springfield, Ohio, and the members of the Scott M. E. church of this city, were very much grieved to learn that the Bishop saw fit to remove their pastor, Rev. I. G. Penn, from this city to Louisville where he has been appointed as pastor of one of the largest colored churches in the largest city in the state.

They were very much pleased, however, when it was announced that Dr. Julius M. Hlyden, who has been the successful pastor of the St. Mathew's M. E. church, of Chicago, has been assigned to the local pastorate. He is expected here today and will probably assume charge of the local church at Sunday morning's service.

During his pastorate here, Rev. Penn has made many friends and all of his parishioners are very sorry that he is to be removed, however, the officials of the church think that there is a greater field for him in Louisville. Rev. Penn attracted the attention of the Colored Methodist church through the splendid work he accomplished as District Director of the Centenary campaign and through the great success he had as local pastor. His many friends in Maysville both white and colored join in wishing him much success in his new field.

AUTO BADLY DAMAGED.

An automobile driven by Miss Mary Houldin of the "Tuckahoe" neighborhood, was very badly damaged late Friday evening, when it went over an embankment of the Germantown pike just outside the city. Miss Houldin was passing another machine when her car got into a rut and accidentally she stepped on the accelerator which caused the machine to jump across the road. Quite fortunately she was thrown out of the car and received only minor injuries while the car is very badly damaged.

BOYS ARRESTED HERE CONFESS TO THEFT IN CINCINNATI

Four Lads Picked Up On Suspicion By Chief of Police Make Confession To Robbing Cincinnati Store.

Thomas Brown, William Hogan, Mike Case and John Reed, two of whom are 17 years of age, the other two being 18, were arrested on suspicion on the local streets Friday evening by Chief of Police Harry A. Ort, who took them to his office and made a thorough investigation of their business in Maysville.

The boys had about \$40 in money, several fountain pens and other articles of value on their person, while one of them carried a .22-caliber revolver and a supply of cartridges. All of the boys admitted that they were on parole from the Ohio State Industrial school and after much questioning they finally confessed that on Wednesday evening they had entered and robbed the Stewart & Kidd office fixture store in Fifth street, Cincinnati, taking therefrom \$75 in money besides several fountain pens and other articles of value.

Chief Ort has communicated with the Cincinnati police and is holding the boys here subject to the orders of the Cincinnati authorities.

GROWERS WAREHOUSE CO. WILL INCREASE ITS CAPITAL

Large Dividend Will Be Paid Stockholders in company in stock and Limited Amount Will Be Sold.

At a meeting of the directors of the Growers Warehouse Company held here this morning, it was decided to increase the capital stock of the company from \$10,000 to \$25,000. The present stockholders in the company will receive \$10,000 of the stock in dividends and the balance of \$5,000 will be offered to the public for sale.

The directors reviewed a very successful season which netted the company a good profit despite the poor quality of the tobacco and the increased costs of operation. The Growers warehouse this year was much larger than it had ever been before and was therefore enabled to handle much more tobacco than during any season in the past.

The meeting held today was not the regular annual meeting and the officers for the year were not elected. The annual meeting will be held on the first Monday in May.

GRADE SCHOOL HOLDS CLOSING EXERCISES.

Although the county schools will not be closed for the season until next Friday, the annual closing exercises of the Maysville grade schools were held last night and several from Maysville attended. Railroad Company in Circuit Court this morning, Judge Newell gave peremptory instructions for the railroad company. TOBACCO GROWERS URGED TO ORGANIZE TO FIGHT TRUSTS

Representatives of Tobacco Growers Association Address Mason County Farmers at Court House on Organization.

The Mason county court house was well filled this afternoon in answer to a call for all tobacco growers of the county to hear representatives of the Kentucky Tobacco Growers and Dealers Protective Association.

The meeting was called to order by County Agent George Kirk, who in a few words explained the workings of the Mason County Farm Bureau and urged all farmers to become members of the bureau and thereby profit by this relationship as had many other farmers of the county during the past months. He then introduced Senator Wood Vance, of Harren county, who spoke at some length explaining the purposes of the association he represented.

He explained that the tobacco buyers were carefully organized and he urged upon the farmers that they too organize for the best interests of the industry in Kentucky. He explained that the organization proposed to look after the interests of the tobacco growers and dealers at all times and that each county would have a separate organization which would be a Democratic body taking stands on various subjects as the majority of the members would agree.

Senator Vance gave it as his opinion that the first step such an organization should take to help solve the tobacco price problem was to cut the crop this year and next but he stated that this should be acted upon by the county organization. He then passed a number of membership blanks among the audience and secured the signatures of quite a number of Mason county farmers. No initiation fee to the association was charged.

"IN THE DAY'S NEWS."

General De Goutte, who is in command of the French forces occupying the east side of the Rhine, as a counter measure against German invasion of the Ruhr region, is one of the most able and brilliant of the young French generals. To the people of the United States he is best known as the commander who led the American and French troops to victory at Chateau Thierry. General De Goutte made his first military reputation in the French colonial campaigns in Tunis from 1899 to 1895, in Madagascar from 1895 to 1896, in China in 1906, and in Morocco from 1911 to 1912.

At the beginning of the World War he held the rank of colonel. His greatest distinction came to him with the battle of Allette, in November, 1917, when with his Army Corps he captured several thousand prisoners, 400 cannon and machine guns, and a vast quantity of munitions in a few hours.

COFFEE! BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.
For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.
The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kick.
Prices are right. A trial order will convince and will be appreciated.

BOY SHOOTS HIS PARENTS DURING WILD NIGHT MARE.

Hanbury, Conn. — When Frank S. Kemp and his wife retired they left their son, Franklin, 19, sitting at the kitchen table reading a Sunday school paper. He is a quiet, low spoken "home" boy.

An hour or so later they were awakened by shouts in their room. Franklin stood before them brandishing two revolvers and then firing from them alternately. As the parents sprang out of bed one bullet grazed Mrs. Kemp's forehead, inflicting a slight scratch. Then two more struck the father, one in the arm and one in the hip.

Mr. Kemp grappled with his son and was kicked, punched and bitten. A younger brother, Robert, also was struck repeatedly as he came to the rescue. Mrs. Kemp managed to get hold of one of the revolvers and rapped Franklin over the head with it. He

did not seem to mind, but kept struggling with all three. It was not until she struck the boy squarely in the forehead that he seemed to come to himself. Then he demanded:

"What's happened? What's the matter?"

As he saw his parents' wounds he sank into a chair and wept. Then he said he must have had a nightmare. He remembered drowsing over the Sunday school paper, and then, he thought, he was having a hand to hand struggle with twenty men, in which his life was at stake. He knew nothing more until he awakened after the blow to the forehead.

Although the parents believed his story and so told the police, the boy was arrested and held in \$2,000 bail. He had to walk a considerable distance. It was established, from the kitchen to a pantry where the revolvers were kept. The Kemps say the boy

never read novels and seldom saw exciting movies, although he did witness one several days ago in which some shots were fired.

There is in the northern part of Finland a curious stone which serves the people instead of a barometer. This stone, which the Finns call Ilmakuuri, turns black, or a blackish gray, when bad weather is approaching. Fine weather has the effect of turning it almost white. The Finns regard the stone with superstitious reverence, but the scientists say that its changes in color are due to salts contained in its composition.

A newly married couple, who are both deaf, and are trying housekeeping without a servant, have devised an ingenious substitute for a door-bell. When a caller presses the electric button all the lights in the house flash up, and his presence is made known.

SAYS YEARS IS LONG ENOUGH TO PAY COURT.

Hoston, Mass. — "I see your head during the courtship and keep your affections in abeyance. After the engagement you may begin to cultivate the affections of the heart and soul, but not before," said the Rev. Henry P. White, S. J., of New York, in his second talk to engaged couples in old St. Mary's church in the north end.

Then he proceeded with his advice, saying that the courtship period should not extend over a year. "A year is long enough to decide upon the suitability of a partner. When it runs over it is an abuse and a priest should be consulted. He is an expert and knows all about such things, for the Catholic church has been marrying couples for twenty centuries."

A suitable partner, as outlined by Father White, "is one who has sufficient health and strength. One who has any infectious disease is prohibited marriage until he or she is cured."

"People of the same education and position in life have the better chance for happiness in marriage," said Father White, "and they should be of the same religion. For a Catholic to marry out of his religion is fraught with misery and danger."

"Good principles and a serious disposition are essentials in the life partner," the priest emphasized.

"Don't marry a frivolous person," he warned, "for nothing can be done with such. Don't try to take a person you have doubt about. The future is doubtful enough. Don't try to reform those who have bad habits. It is accomplished but rarely. Let them reform themselves."

"And now, having been businesslike and prudent in the matter of selecting a partner, these things are permitted you," Father White told his hundreds of hearers.

"Kissing is permitted after you become engaged, just as you would kiss your father or mother or sister or brother. Don't be ashamed of it. Do it in the open and not in the dark or behind closed doors."

"You may embrace each other, as you would your relatives and friends, but hugging is not allowed. Cultivate the heart and soul during the engagement. Control your imagination; keep yourselves pure and sweet and avoid temptation by prayer and devotion and frequent participation in the sacraments of the church."

"Weekly confessions and daily communion are the direct antidote for the temptations of the engaged," Father White ended.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y. — "When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."

Mrs. R. E. Deans, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

WHY BE DULL AND LAUGUID THIS SPRING?

"Spring Fever" Is Natural, But Not Necessary — It's Due to Sluggish Blood

KEEP FEELING YOUR HAPPIEST
Purify and Tone Up Your Blood With Tim Famous Tonic, Pepto-Mangan.

Do you seem unable to do any work, to concentrate, to take any interest in things, during the wonderful Spring days? Do you feel just useless and "no account"?

Nothing is really the matter, except that, as happens every Spring, your blood is clogged — it is sluggish with poisons from its long Winter fight.

In time, your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down listless people.

Peel your best. Have a fine color, and spring in your step. Be vigorous, happy, red-blooded. Get a bottle of Pepto-Mangan today. The nearest druggist has it, and in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

But be sure you get the genuine Gude's Pepto-Mangan. Ask for it by that name—"Gude's Pepto-Mangan," and be sure the full name is on the package.—Advertisement.

KENTUCKY DEMOCRATS NOW SEEM FAR FROM HOPED PEACE

Factions Among Democrats of Kentucky Seem Far From Harmonizing Conflicting Purposes.

Louisville, April 17. — Efforts to harmonize conflicting purposes of the organization seeking to organize Kentucky in the interest of Governor James M. Cox, of Ohio, and the State advisory and campaign committees, which desire to send an unfrustrated delegation to San Francisco, are being made at conferences of Democratic leaders here.

Senators Beckham and Stanley arrived in Louisville Thursday. Other eminent Democrats on the ground include Congressman Cantrill, Judge Charles A. Hardin, chairman of the state central and executive committees; Thomas S. Ives, of Russellville; Judge Allie W. Young, of Morehead; and Colonel Harry Sommers, of Elizabethtown.

Nothing in the outlook Thursday indicated efforts to avert a hard fight within the Democratic party will meet with much success. The aims of the different leaders and groups appeared to be too far apart to admit of amicable adjustment.

The state advisory and campaign committees, formed at a recent "love feast" in Louisville, in addition to asking for an unfrustrated delegation, also are seeking a reorganization of the state central and executive committees, which will make them "more representative." At present Senator Stanley's friends dominate these committees. The advisory committee, however, is composed largely of party leaders who have not been friendly to the junior senator, and the general belief is that the reorganization they contemplate would eliminate him entirely.
